

Mucking about with mosaics: Design your own mosaic 1

Salve!
I am Marcus Verrius Celsus, a wealthy citizen of Ratae Corieltavorum. I am decorating my new house and I want the floors to show off the latest mosaic fashions and to highlight my interests, education, beliefs, family and wealth.

Salve!
I am Civilis the mosaicist, my client has asked me to design the mosaic floors in his new house. It's a big job and I need some help. He has told me he likes chariot racing and athletics, Homer's Odyssey and the legends of Hercules, and hunting. He is married and has children and he is devoted to the god Neptune. He rents shop space to a local food deli. The floors need to represent all of these things.

Can you help Civilis design floors to match his client's desires?

Alternately, imagine this is your house. What floor designs would you have?
